	3	\$550	\$3400	\$611	\$1300	\$1150

*CBI Preschool closes at 5pm on Fridays from November through February in observance of Shabbat

Calculating Tuition

To calculate annual tuition, add the tuition for each time segment you are selecting. Tuition is assessed on an annual basis, but you may instead elect to pay in bi-annual or monthly installments. To calculate the monthly tuition due, divide the annual amount by 10. For example, for a two year old who attends school five days per week from 8am-12noon, the annual tuition is \$5840 and the monthly tuition is \$584.

Deposit

A deposit equal to one month's tuition is due at the time of registration to reserve a space for the student. The remaining tuition may be paid annually, bi-annually, or monthly.

Discounts

Members of Congregation Beth Israel receive a 10% discount on preschool tuition. Some families choose to donate this discount back to the preschool to be used for scholarships.

CBI Preschool offers a 5% sibling discount.

Scholarships

CBI Preschool is committed to providing a Jewish education to young children, including those whose families are of limited financial means. We are also committed to the idea that the Jewish community has a responsibility to support those in need. CBI Preschool has therefore made available a limited number of scholarships for preschool students each year. Please contact the director for information on applying for financial assistance or to support the program through a tax deductible donation.
